

PACIFIC VILLAGE ONE

Approximately every two years, PVI Council updates the Pet Registry for the complex. This information is used solely for the purpose of locating owners (when necessary), assisting with lost pets and for emergency evacuation situations.

If you do NOT have any animals in your home, we ask that you complete the top portion of this form and turn it in. This way we can ensure that the registry is complete.

If you have more than two animals, please copy this form or write down the particulars on the back of this form or forward the information by email to: jennifermackie@shaw.ca. Thank you
